

## Welcome to Aspen!

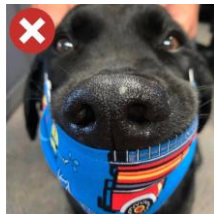

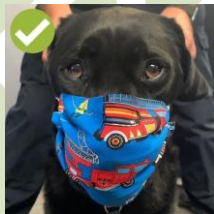

*We are glad you're here.*

Unfortunately, our small mountain community is not immune to the coronavirus. To help keep Aspen safe and open during the COVID-19 pandemic, the City of Aspen has issued **Emergency Ordinance #12** which created a **Mandatory Face Covering Zone**. This Ordinance is in addition to all State and County Public Health Orders and is meant to further promote the safety of our citizens and guests.

- **Where:** The **Mandatory Face Covering Zone** encompasses the majority of downtown Aspen. It extends north-south from Aspen Mountain to the Roaring Fork river and east-west from Aspen Street to Original Street (six blocks). If you see these signs while walking around town, that means you're in the Zone:

- **When:** A face covering must be worn at all times **in indoor and outdoor public spaces** within the Zone. This includes all streets, sidewalks, parks, businesses, and the common areas of any buildings or facilities. ***In other words, if you are not in your hotel room and are within the Zone boundaries, you must wear a face covering.*** If you are outside of the Zone boundaries and within Pitkin County, a face covering must be worn anytime you are within 6ft. of someone not of your household regardless of duration.
- **How:** Face coverings must securely cover your nose and mouth and they must remain in place without the use of your hands.

- **Exceptions include:**
  - Persons under the age of two
  - Persons who are eating or drinking, ***while seated***, at a restaurant or in outdoor public spaces.
  - Persons for whom a face covering would cause impairment due to an existing health condition.
