

# Base State x The Gant

## Jet Lag Solution

Recharge your body post-travel: kickstart your lymphatic system, soothe sore muscles, and help reset your circadian rhythm.

This 110-minute treatment includes a Ballancer®Pro lymphatic compression session and a 45-minute infrared sauna + cold plunge session in your own private suite with amenities.

Inclusions:

+ Ballancer®Pro lymphatic session  
+ Private sauna + cold plunge

In-Studio

\$220

## Pre or Post Party

Want to enjoy a night out but also feel good the next day? Reduce or alleviate hangovers with a pre- or post-party IV to hydrate and replenish your system.

Follow this with a 45-minute private sauna and cold plunge session to sweat out toxins and release endorphins.

Inclusions:

+ Hangover IV Drip  
+ Private sauna + cold plunge

In-Studio

\$325

## Base Altitude Relief

Alleviate altitude symptoms while breathing in concentrated oxygen.

Recline in comfort, breathe concentrated oxygen, and relax with Normatec leg compression socks for 60 minutes.

Inclusions:

+ O2 Concentrator  
+ Normatec Leg Compression

In-Studio

\$95

In-Room

\$275

## High Altitude Relief

Elevate your body's ability to adjust to altitude quickly.

This 60-minute treatment includes an IV drip with compounds designed to relieve altitude adjustment symptoms, an O2 concentrator session, and soothing Normatec leg compression session.

Inclusions:

+ Altitude IV Drip  
+ O2 Concentrator  
+ Normatec Leg Compression

In-Studio

\$275

In-Room

\$475

## Summit Altitude Relief

The ultimate package to efficiently aid your body in adjusting to life at 7908 feet.

This 130-minute treatment includes a hyperbaric session where you relax and breathe concentrated oxygen in a pressurized chamber, an IV drip formulated with compounds designed to relieve altitude adjustment symptoms, and a Normatec leg compression session for ultimate acclimatization.

Inclusions:

+ Hyperbaric O2 chamber  
+ Altitude IV Drip  
+ Normatec Leg Compression

In-Studio

\$360

In-Room
